

MANAGERS CLAIM ENOUGH VOTES TO NAME COOLIDGE

Declare 866 Delegates Are Pledged, 311 More Than Will Be Needed.

ONLY TEN STATES NOT BEHIND HIM

Some Of These States Are Expected To Swing Behind President.

Washington, Feb. 7.—President Coolidge's campaign managers openly claimed today that the president will be nominated at Cleveland on the first ballot.

They declared that 866 of the 1110 delegates in the convention already are "sewed up" for Coolidge. This number is 311 votes more than the 555 necessary to nominate.

A survey made by a White House official who would not allow use of his name but is very prominent in Coolidge's campaign, disclosed only ten states with a total of 233 delegates which cannot safely be counted on to vote for Coolidge until nominated. These states are Arizona, Arkansas, California, Illinois, Indiana, Maryland, Montana, Nebraska, Nevada and Wisconsin.

"Even some of these states are expected to throw their strength to Mr. Coolidge," it was declared, "but no claims are being laid to them because of primaries yet to be held, and certain political factors which need smoothing over."

Primaries are to be held in 15 states between now and next June. Of these, twelve—Massachusetts, Michigan, New Jersey, New Hampshire, North Carolina, North Dakota, Ohio, Oregon, Pennsylvania, South Dakota, Vermont and West Virginia—are claimed by the Coolidge backers, while the remaining seven—California, Illinois, Indiana, Maryland, Montana, Nebraska and Wisconsin—are held in doubt.

Many States Indorse Him
"In New England, of course, there is no opposition to President Coolidge's candidacy," the White House official declared. "Then there is to be taken into consideration the fact that 26 states and the five territories have endorsed him, through their state committees—and in a few instances already through their state conventions."

"New York's delegation will be almost entirely for Coolidge; in Georgia and Mississippi there are two warring factions, but both are for the president. Alabama, Kentucky and Virginia have indorsed and instructed their delegates."

"All in all, we look for one of the greatest land-slides ever witnessed in a national convention."

WRITES CHECKS WITHOUT FUNDS

Pastor's Checks Are Marked Insufficient Funds, So Church Will Pay.

Findlay, Feb. 7.—Checks drawn by the Rev. F. H. Ross, of Indianapolis, and returned here marked "insufficient funds," will be paid, officials of the Central Church of Christ announced today after reports were circulated that the Indiana pastor was to be prosecuted.

Rev. Ross was brought to Findlay two months ago to conduct services at the local church. He gained much publicity through his sensational discourses of alleged booze rings in Findlay. He also attacked local judges and accused the fire of club members.

The week preceding Jan. 24, he wrote eight or nine checks, which were returned with the notation "not sufficient funds," church authorities said. At the same time word was received from the Indianapolis Mission through which he was obtained to conduct services here, that he had done the same thing in other towns, they said.

Miss Wisner Appears With Musical Trio

Of interest to friends here of Miss Doris Wisner, who with her sister, Gladys, is progressing in the musical world at Atlantic City, is this item which is taken from an Atlantic City paper:

"Starting tomorrow and continuing until Friday a special musical concert will be offered at the Colonial theater in the form of a piano trio. Miss Doris Wisner, John Peck and Joseph Lilly make up the trio."

Miss Wisner is widely known in Salem as a talented musician.

Four Young People In Motor Accident

Four young people, two men and two women, were bruised and cut in an automobile accident near the iron bridge on the Damascus rd., a short distance from the city limits, about 7:30 p. m. Wednesday, when they were coming into Salem. The exact cause of the accident was not learned.

B. Lighter, of this city, one of the party, owns the car, which was considerably damaged. The names of the others were not learned.

CIVIL WAR HERO DIES SUDDENLY

Death Comes To B. Early, 76, As He Returns From Feeding Chicks.

Death came very suddenly to Bartlett Early, 76, East Palestine, Civil War veteran, at 4:30 p. m. Wednesday at his home.

Mr. Early had just returned to the house from feeding his chickens and died on the cellar steps with the feed pail in his hand. Heart trouble is given as the cause of death.

Mr. Early was a life-long resident of East Palestine and a farmer by vocation. He and Mrs. Early celebrated their 57th wedding anniversary last month.

Surviving are his widow and these children: John Early and Mrs. George Eaton, East Palestine; Mrs. Laura Wellington, Houston, Texas; and Rev. Alonzo Early, Crowley, La.; also, three brothers, nine grandchildren and five great-grandchildren.

The funeral at 2 p. m. Saturday will be at the Presbyterian church of which he was a member.

Taft Is Improving Says Report Today

Washington, Feb. 7.—Chief Justice William Howard Taft who was ordered to bed yesterday by his physician after suffering an attack of acute indigestion, was reported today as "improving."

It was said the chief justice would remain in bed today, but that his condition was not alarming.

Wilson-Clemenceau Agreement Denied

Paris, Feb. 7.—Foreign office officials today denied that Woodrow Wilson and Georges Clemenceau had entered into a secret agreement during the peace conference by which France would occupy the German Rhineland 15 years.

LEGION RECEIVES \$352, ITS SHARE OF DIVISION FUND

Money To Be Used To Help Furnish Salem Post's Headquarters.

Charles H. Carey post, American Legion, received a check for \$352.28 Thursday from William Cooper Procter, Cincinnati, treasurer of the 32d division fund, for the acquisition or furnishing of the post rooms here.

The fund was subscribed to during the World war by citizens of Ohio who sought to benefit the soldiers in the division. After the war there was a question as to how the fund was to be distributed, and recently the court of appeals of the first district of Ohio decided that the fund should be turned over to the American Legion, dividing it up according to membership.

The money must be used only for acquiring or furnishing of post headquarters, by the court's orders, as in making the decision it was thought by the court that the fund would be the legion in a permanent way.

H. E. Gleckler, post finance officer states that the check will be used as ordered.

A check for \$328.32 has been received by John J. Welsh post No. 275, American Legion, Lisbon, as the post's share of the fund.

FEARS RESULTS OF SECRET PACT

May Hamper London In Its Dealings With Paris, MacDonald Fears.

London, Feb. 7.—Premier Ramsay MacDonald and other members of the labor government are fearful that the storm over the alleged Wilson-Clemenceau pact for 15 years French occupation of the Rhineland, will hamper the government in its dealings with Paris, according to the Evening Standard this afternoon.

The premier got in touch with Premier Poincare through Lord Crews, the British ambassador to France, saying that he hoped to undo any damage that had been caused.

It is understood that the premier is not yet satisfied regarding the authenticity of Lloyd George's letter, printed in New York in which the former premier was quoted as saying that during Wilson and Premier Clemenceau signed the secret agreement regarding the Rhineland.

Members of the cabinet declined to criticize Lloyd George for remaining silent so long as he knew of the existence of the document bearing thereon the alleged secret pact.

Urges Effort Toward Cutting Living Cost

Washington, Feb. 7.—Organizations of both producers and consumers should work together to bring down the cost of living in the United States, President Coolidge declared today in a letter to the National Council of Farmers' Co-operative Marketing associations.

Oliver Harriman To Wed Model

Miss Harriet Hewitt.

The above is an artistic study of Miss Harriet Hewitt, former manager in a New York hat shop, drawn by Harrison Fisher, the noted artist. The beautiful model will become the bride of Oliver Carley Harriman, son of the millionaire New York banker, as soon as the first Mrs. Harriman's interdictory divorce decree becomes final. Young Harriman himself is a banker, clubman and noted sportsman.

FLOWERS SENT TO WILSON HOME GO TO WOUNDED

Washington, Feb. 7.—The great masses of flowers that were sent to the home of Woodrow Wilson to carry the messages of esteem and reverence in which he was held will find their way into the cheerless rooms of wounded war veterans.

Many of the floral offerings were sent to Walter Reed army hospital this morning.

The Bethlehem chapel, where the final services were held, was thrown open to the public today.

RECEIVE HARDING MEMORIAL FUNDS

Memorial Association Has Threefold Purpose In Making Appeal.

Establishment of a chair of diplomacy in an American university—Erection of a mausoleum over his last resting place—Preservation of his home in Marion—

This is the threefold purpose of the Harding Memorial association.

Salemites have been given the opportunity to become members of this association and aid in raising Salem's share of a \$3,000,000 fund to honor the memory of Warren G. Harding, 29th president of the United States.

J. S. Alan, superintendent of schools, is chairman of the Salem committee to raise \$1,500 and already he has presented the appeal to several organizations. The Rotary club was the first to respond, donating \$50, representing \$1 for every member.

Everyone who contributes a dollar or more to the fund becomes an associate member and will receive an engraved certificate.

In addition to the three objects outlined above, a fourth consideration is a fund sufficiently large to adequately maintain these three memorials.

MAYOR AND CHIEF OF POLICE POUR BOOZE IN SEWER

Twenty-four gallons of high grade corn whisky seized in a raid a week ago at the home of Martin Lutch, southwest of Salem, were poured into the sewer at City hall Thursday morning by Mayor J. B. Schaeffer and Chief of Police T. W. Thompson.

At the Lutch home 60 gallons were destroyed by the officers and the 24 gallons were brought in as evidence. After Lutch paid his fine there was no reason to keep the evidence so it was destroyed in the presence of several other city officials.

Movie Film To Show How Sugar Is Made

The Salem Grocers and Butchers association will present "The Making of Sugar," an educational picture showing the sugar industry from start to the finished product, at the High school auditorium next Wednesday night.

It will be a free entertainment and will start at 8 p. m. John A. Green of the American Refining Co. will be here to give a talk in connection with the movie, which the association hopes will be very educational and interesting.

MOSES SITLER, 64, DEAD WHEN FOUND

Wife Finds Lethonia Man's Body On Kitchen Floor At Their Home.

Moses Sitler, 64, was found dead at noon Wednesday at his home on Somerset st., Lethonia, by his wife. A stroke of apoplexy is believed to have caused his death.

Mr. Sitler had been in ill health for some years, suffering from the effects of a stroke of paralysis. He was lying down when Mrs. Sitler left him to go a few blocks from the home on business. When she returned home she found him lying on the kitchen floor. As his shaving articles were out it is thought he was preparing to shave when death overtook him.

Deceased had been a resident of Lethonia for about 38 years, coming to that village from Canada, where he was born. He was employed by the Cherry Valley company for a number of years and was a member of the Lutheran church. His first wife was killed some 12 or 15 years ago at the Mill st. crossing in Lethonia.

Surviving are his widow, Mrs. Emma Mild Sitler, one son, John Sitler and a stepson, Fred Mild, both of Oil City, Pa. Also a sister, Mrs. Brubaker, who lives east of Lethonia.

The funeral at 2 p. m. Friday will be at the home, in charge of Rev. H. C. Brillhart, pastor of the Lutheran church.

Findlay Police Must Submit To Wage Cut

Findlay, O., Feb. 7.—Findlay police were notified today that they must submit to a wage cut or a substantial decrease in the force engaged in policing the city.

GIRLS' TRIP ENDS WITH JAIL VISIT

Sebring Lassies On Sight Seeing Trip, Returned By Police Chief.

Hilda Evans, 14; Ennid Boardman, 15, and Edith Pinkerton, 15, Sebring girls, alleged to have taken a French leave from their homes Tuesday, were apprehended Wednesday afternoon at East Palestine, and after spending four hours in jail there were taken back to Sebring, by Chief of Police Baumgartner, of that village.

It is reported that the girls said they were on a "sight seeing" trip and had been given rides between towns. They were in Salem Tuesday afternoon, going from this city to Washingtonville and from there to Columbiana, where they spent the night at the home of Mrs. Brown, Elm st.

To East Palestine and then to Darlington, Pa. They returned to East Palestine Wednesday afternoon and town tipped off Chief of Police Warren the party with whom they rode to that town.

According to reports the girls told Chief Warren that they were on a sight seeing trip and asked to see the city jail, and that he told them they would see it soon enough. They were "guests" at the jail from 3 to 7 p. m. when the Sebring officer arrived and took them back home.

Epworth Leaguers Of District Meet

Rev. Boal of Washingtonville espoused "Faith of Our Fathers," at a sub-district rally of the Epworth leaguers of the Methodist church Wednesday evening at East Palestine, which interested over 200 leaguers, 17 of them from the Salem church. Others came from Columbiana, Washingtonville, Leontonia and Lisbon. A social period followed the meeting. It is planned to hold another rally early in March at Columbiana.

CUSTOMER FAINTS AS BANDITS HOLD UP STORE OWNER

Lorain, Feb. 7.—Police were searching for three robbers who last night entered the Deutsch & Levy department store here, held up Samuel Levy, one of the owners, his wife and two women customers and escaped with \$1,200 in cash and \$350 in Liberty bonds.

Miss Mary Zatroth, purchasing a trousseau for her approaching nuptials, fainted. She did not regain consciousness until an hour later.

EIGHT SALEM MEN ON PENSION LIST

American Steel & Wire Co. Employees Included In U. S. Steel List.

The 13th annual report issued by the United States Steel and Carnegie pension fund, which was made public Thursday by T. J. Rossiter, superintendent of the Salem works of the American Steel & Wire Co., a subsidiary of the U. S. Steel, shows that the total disbursements to the eight employees of the plant in Salem amounted to \$1,827.50.

The report covers the 1923 period. The eight Salem men listed as receiving pension money from the fund are Henry Older, John Edwards, David McCloskey, Thomas Tiley, Elmer R. Hunter, Herman Ertzrodt, John Kobza and August Hoff.

Disbursements for all the plants of the American Steel aggregated \$261,263.28 in 1923. The grand total of the U. S. Steel corporation and subsidiaries amounted to \$9,543,235.33.

Active members of the fund are 4,954 persons. The average age is 66.39 years, and their period of service averages 31.60 years. The average monthly pension is \$26.90.

Republican Call

Columbus, Feb. 7.—A call for the Republican state convention to be held here June 24 and 25, was sent out today by Major Charles Montgomery, chairman of the Republican state central committee.

17 PLANTS OPERATED BY COOPERAGE FIRM

Manufacture Of Casks, Barrels And Boxes For Pottery Trade Is Business Of Large Salem Concern.

By H. P. BRAMAN

Operating 17 cooperage plants throughout the United States the Columbiana Cooperage Co., a Salem company, stands out in its particular field as one of the largest and most favorably known organizations in the country.

Like many other companies which the writer has visited in the making of the first industrial series of stories published in Salem in recent years, the Columbiana Cooperage Co. is somewhat of a mystery to the average citizen.

Mr. Salem asks what can be this cooperage company. And the answer is this. It is a concern that manufactures casks, barrels, and boxes for the pottery trade almost exclusively.

In August, 1919, a man came to Salem with a very successful record behind him to start the company. He is E. E. Enderlin, president and treasurer of the Sandusky Cooperage & Lumber Co., Galion.

At first just a few cooperage plants were established. The plan was this. At any city where there were potteries cooperage plants would be started by contract with the potters. Generally the cooperage plants are in the same building as the pottery, or in direct connection.

All the boxes, barrels and casks (Continued on sixth page.)

FALL RELEASED FROM GRILLING BY COMMITTEE

Senate Committee Decides Testimony Might Give Him Immunity.

DENBY DEFENDS OIL LEASE ACTION

Declares His Connection From Beginning Has Been Clean.

Washington, Feb. 7.—Albert B. Fall, former secretary of the interior, and center of the oil lease fuss, today was released from further appearances before the senate public land committee to testify regarding the turning over of oil reserves in Wyoming to Harry F. Sinclair and E. L. Doheny.

The committee decided in executive session that if Fall was compelled to testify such testimony might give him immunity in the event of criminal action in connection with the recovery of oil lands by the government.

When called before the committee last week, Fall declined to answer questions on the ground his testimony might tend to incriminate him, and because the committee had no authority to continue the oil investigation during the 68th congress.

The committee had planned to ask the senate for formal authority to go ahead with the inquiry and in anticipation of favorable action on this request a new subpoena has been issued for Fall who is now in Washington at the home of Col. J. W. Zevely, partner of Sinclair.

Warfare broke out in the senate again today against the continuance in office of Secretary of the Navy Denby because of his connection with leasing of naval oil reserves to E. L. Doheny and Harry F. Sinclair.

Denby Defends Position
Senator Robinson, Democrat of Arkansas, author of the resolution directing President Coolidge to request the ousting of Denby from the cabinet, charges in a formal statement that the secretary had broken "the trust reposed in him."

The resolution called up for debate set forth that the leases were made under "circumstances indicating fraud and corruption," and accused Denby of misfeasance and malfeasance in office.

Meanwhile Denby, in a telegram to Roy D. Chapin, of Detroit, declared "my connection with the transactions from the beginning to the end was dictated by a profound belief, that they were for the benefit of the United States and was as clean and patriotic as any other act of my official and private life."

"The leases can not be held illegal until a court of competent jurisdiction has so decided," Denby declared. They cannot be held not to have been in accordance with sound policy because the policy was sound and obedient to the expressed will of congress. They will be shown to have been for the benefit of the United States.

The statement was taken as a reiteration of Denby's determination not to be forced out of the cabinet "under fire."

STORM SPENDS FORCE BEFORE REACHING OHIO

Cleveland, Feb. 7.—While the storm which has held Chicago and other mid-western cities practically isolated for the past 60 hours had reached Cleveland today, Forecaster Alexander said that it had probably spent its force before reaching here, and there were no indications that the city would suffer any considerable degree of inconvenience.

When the city went to work today, the streets were covered with an inch or more of snow, which was still falling, and will probably continue throughout the day.

Increase Reported In Postal Receipts

Washington, Feb. 7.—Postal receipts in 60 leading cities in the United States increased 14 per cent in January 1924 compared with the corresponding period last year, the post office department announced today.

Receipts from the 60 cities last month totaled \$26,030,837.

City Schools Close For Wilson Funeral

All of the city schools closed at 3 p. m. Wednesday in respect to late President Woodrow Wilson, whose funeral was held at that hour. This was in compliance with the wishes of Gov. Donahey, who requested that all places of business close at that hour.

In the high school several of the teachers took time from their classes to talk to the pupils about the great war-time president, L. T. Drennon gave a talk about the life of Wilson in his American history classes.

Commissioners Want 2-Cent Gasoline Tax

Columbus, Feb. 7.—Members of the County Commissioners' association of Ohio favored a two-cent gasoline tax and one mill levy both to be used in road maintenance in resolutions adopted at their closing session of their annual meeting here at night. Hard surfaced roads are favored by them.

WEST STRUGGLES TO RE-ESTABLISH NORMAL TRAFFIC

Chicago, Feb. 7.—The mid-west today struggled to re-establish its irregular channels of communication after three days of no telephone or telegraph service. Linemen working 24 hours a day had set up lines to the east, and a few to the west, northwest and southwest.

Thousands of poles were carried down by sleet and ice-laden wires in the storm which turned from sleet to snow and piled drifts blizzard high to impede the work of restoring communication.

Transcontinental trains, hours late because of snow-piled tracks today were getting back toward regular schedules.

SPECIALISTS CALLED TO EXAMINE MORON IN MURDER PROBE

Man Insists He Helped To Choke Canton Girl To Death.

Canton, Feb. 7.—Joseph Pierce, the moron who insists that he helped kill Florence Nitzman who was choked to death on the night of Jan. 30, took police officials at midnight over the scenes where he says the murder was committed.

Although he was so weak that he could only walk with difficulty, Pierce staggered through a driving snowstorm and went to the exact spot where the body was found, according to the officers who accompanied him.

He told during the trip, another version of the murder differing radically from the stories told Wednesday. Although he has been questioned on several occasions since his arrest, Pierce has not told the same story on any two occasions.

The police and county officials are looking up on his tale to learn, if possible whether he had an actual part in the murder or whether his assertions are merely the hallucinations of imbecile degeneracy.

Three alienists will be called by police to examine Pierce, 31, who said he was present when an Italian murdered Florence Nitzman and threw her body in a creek on the night of Jan. 30.

Dr. Arthur Hyde, superintendent of Massillon State hospital, may be one of the alienists called.

An effort was being made to communicate with his mother, Mrs. Elizabeth Pearce, 2521 Central ave., Detroit.

ANOTHER SUCCESS FOR KIWANIS SHOW

Windmills Of Holland Given Fine Reception The Second Night.

Another large audience was delighted Wednesday night with the second performance of "Windmills of Holland," the tuncful, colorful operetta given at the High school auditorium by the Salem Kiwanis club for the benefit of the tourist camp that the club is to establish.

More at home in their parts than the first night when the show was almost letter perfect, every character in the musical comedy, under the careful direction of George R. Eckert, Indianapolis, received much applause for their every piece of work.

It has been a long time since such a fine brand of music as ran through "Windmills of Holland" has been heard in a musical show in Salem, and especially in a home talent production, which makes the triumph of the Kiwanis show that much more auspicious.

The club will announce soon how much was realized for the establishment of the proposed tourist camp.

20 YEARS AGO

(Issue of Feb. 7, 1904.)

On Friday evening a party, which will include A. H. Arter, who resides south of Salem, will start on a trip to Lumbria, Cuba.

State Librarian C. B. Gabrecht has been called to Lintonia by the serious illness of his mother, a resident of that place.

The new naval appropriation bill carries \$25,000,000 and not less than \$28,000,000 are to be spent for new fighting ships in 1904.

The movement for good roads in Ohio, which has been agitated by fits and starts for many years, has gained great momentum this winter.

H. H. Smith, well known Columbian merchant is again seriously ill.

Henry Venable, proprietor of the Criterion restaurant at Spring which he sold out to Frank A. Dunlap a week ago, has moved back to Salem and will engage in teaming, his former occupation.

Announcement is made of the coming marriage of Miss Cella Halverstadt of Lintonia, and Gary C. Green, which will be an event of Thursday evening, Feb. 18, at the home of the bride's parents, Mr. and Mrs. H. A. Halverstadt.

Miss Geneva Gilmore has purchased the millinery store of Mrs. Emma D. Dine at New Waterford and will take possession about the middle of March.

Mrs. Lucy Allen, the oldest person of Ellsworth township, fell a few days ago sustaining several fractures. It is feared she will not recover.

John Moore of Washingtonville who recently purchased the Evans farm has moved to it.

Atty. L. P. Metzger has received an invitation to the Lincoln day banquet given by Ohio Republican clubs at Clevel.

A Woman's Way.

A woman ran out of a house shouting "Fire!" A passerby started at a gallop for the fire station, while a second pedestrian dashed into the hall and, being unable to see or smell smoke, turned to the gasping and excited woman, and asked: "Where is the fire? I can't see any signs of one."

"I—I didn't mean fire! I—I meant murder!" she screamed.

A policeman arrived at that moment, and demanded to know who was being murdered.

"Oh, I didn't mean murder," wailed the miserable woman, "but the biggest rat you ever set eyes on chased our cat across the kitchen just now!"

Makes The Deaf Hear

Remarkable Invention Enables the Deaf to Hear All Sounds Clearly

Everyone who is troubled with deafness in any form will be interested in the announcement of the Dictograph Products Corporation, Suite 217A, Cleveland Discount Building, 811 Superior Avenue Cleveland, Ohio, that they have at last perfected a device which will enable every one whose auditory nerve is not entirely destroyed to hear as perfectly as one whose hearing is normal. To test it thoroughly they send it to a number of people who have been deaf for years and they report most gratifying results. Many state that they hear the slightest sound with perfect ease and that their natural hearing has been greatly improved. The manufacturers are so proud of their achievement and so confident that every deaf person will be amazed and delighted with it, that they offer to send it to anyone by prepaid parcel post on ten days' free trial. They do not ship C. O. D. nor do they require any deposit, but send it entirely at their own risk and expense, allowing the user ten full days to try it and decide if they want to keep it or not. As there is no obligation whatever, in any form should take advantage of this free trial offer. Just send them your name and address for descriptive literature and free trial request blank.—Adv.

TRY THE SALEM NEWS.

Pressure rather than activity is the cause of shortening the lives of men who go to the White House in these times. That pressure comes from within and without. It may be from politics, multiplicity of large problems or from eagerness or ambition. But the worst pressure comes undoubtedly from the detail which has piled up about the presidency with the passing years. Every new complexity of human life adds to the burden.

Departments increase, burdens increase, divisions increase. All the forces of bureaucracy are constantly engaged in making government more expansive in detail. The trend toward paternalism runs stronger when it is not checked at regular intervals. Government has grown from a simple thing to a complicated web of regulation. And the president, with his responsibility for the departments, finds his work harder every year.

Curing His Golf Trouble.

The following conversation took place between an old Scotch professional and a would-be golfer. The amateur had asked what the other thought of his game.

"Na, ye'll no mak' a gowffer," he said, "ye've begun over late. But it's jist possible if ye practice hard, ye may hard for two-three years, ye mibbe."

"S'p' inquired the other expectantly.

"To mibbe begin to hae a glimmer, that ye'll never ken the rudiments of the game."—Philadelphia Public Ledger.

BALKED AT PURPLE PRUNES

Chinese Said His People Wouldn't Take "Death" Colored Package Offered by California.

The following is the marketing experience of the California prune growers, says The Nation's Business.

Prunes "go" with rice, and so the prune growers sent men to China to see whether a market could be created over there. The scouts reported that there were comparatively few among the 400,000,000 Chinese who could afford prunes, but that there were enough to justify the trial. "You will have to give away samples at first," they said, "because the Chinese don't know what California prunes are."

So small packages were prepared, with two or three prunes to a box. The prune-growers thought the very look of the package was appetizing. They called in a Chinese to see what he thought of the plan. And he threw up his hands in horror.

"You can't give those things away."

"Why?"

"Because the prune on the cover of the package is purple. Don't you know that purple is the color of old age and death?"

The prune growers hadn't known, of course, but they profited by the advice and devised a new package.

Supply and demand, it is clear, are not the only factors which govern value.

Iowa Physician Makes
Startling Offer To
Catarrh Sufferers

Found Treatment Which Healed His Own Catarrh and Now Offers To Send It Free To Sufferers Anywhere

Davenport, Ia.—Dr. W. O. Coffee, Suit 334, St. James Hotel Bldg., this city, one of the most widely known physicians and surgeons in the central west, announces that he found a treatment which completely healed him of catarrh in the head and nose, deafness and head noises after many years of suffering. He then gave the treatment to a number of other sufferers and they state that they also were completely healed. The Doctor is so proud of his achievement and so confident that his treatment will bring other sufferers the same freedom it gave him, that he is offering to send a 10 days' supply absolutely free to any reader of this paper who writes him. Dr. Coffee has specialized on eye, ear, nose and throat diseases for more than thirty-five years and is honored and respected by countless thousands. If you suffer from nose, head or throat catarrh, catarrhal deafness or head noises, send him your name and address.—Adv.

HUMPHREY
Radiantfire

This is one of our popular designs of this popular line of gas stoves. White enameled. It makes a durable and very attractive bath room stove. If you need one to take the chill from the bathroom or some other spot that's a little chilly, you'll find it's the kind for the job.

And this larger number is good for your living room as it will heat a good big space, as many of our customers who use them can testify. These Radiantfires are the originals of all this type of stoves and their "basic patent" guarantee results that can be attained by them alone. We challenge comparison on these five points: Economy of gas, Absence of odor, Perfect combustion, Heat radiated, Correct construction. We're satisfied that if you'll try one of these stoves you'll be right glad you chose the one you did, and so will we.

DRY WASHINGTON AIM OF OFFICIALS

DRIVE STARTED TO MAKE THE CAPITAL A SHINING EXAMPLE TO ALL OTHER CITIES.

By EDWARD B. CLARK

Washington—Another drive is on to make the District of Columbia drier than the bonfire bone and thereby to put it in sobriety's limelight as an example far excellence of what an American city should be.

The Anti-Saloon league has been holding a convention in this town, simultaneously with the meetings of the delegates there were held other meetings in various parts of the city, all with prohibition as a subject and with making Washington dry as the object of subjects.

Washington has been a pretty wet town, but it is no wetter, probably, than other places of like size in the United States. The chief thing has been, of course, that Washington, being the seat of the law, is supposed to be the law strictly, and if it does not it is certain to get more attention because of the law-breaking fact than would be given to any other municipality.

Letters from Washington the wet and dry story of the times occasionally has been told, but it seems that it is a real story, and some of the succeeding chapters have been more interesting than preceding ones. Only recently some thousands of residents of this city were trembling for fear that a list of bootleggers' patrons was to be made public. The horrible word that on the list appeared the names of a cabinet officer or two, some senators, some representatives and some of persons holding official positions of one kind or another.

Now it seems that the list either was a fake or else if it had existence it was seized and put out of sight almost instantly by somebody who was sharply interested in preventing it from being made public.

To Banish the Bootleggers. There are bootleggers in this town in numbers, but if the word of the press or day is true, the government authorities are going to see to it that every one of the sellers of the stuff is to be put out of running quickly and that his patrons, if they would get anything to drink, must go well without the District to secure it.

There is an amusing story to the effect that the bootleggers, having taken umbrage at some of the attacks made by certain congressmen upon their means of obtaining a livelihood, have declared a boycott against congress, which means that they will refuse to sell liquor to any of the thirsty ones on Capitol hill who hereafter may come price in hand to ask for it.

Stories of drinking here always have been exaggerated. There has been a good deal of it, it is true, but if pretty close observation counts for anything there is only about 10 per cent as much drinking in the District as there was before prohibition went into effect. Today when information comes that liquor is being sold or that people in a certain house or building have been carousing, the statements get instant publication in prominent places in the newspapers.

There can be little doubt that among the breakers of the anti-drink laws there have been a good many officials of the government sworn to uphold the laws of the land. There is not as much penning today in certain places as there was three or four weeks ago, because it seems now that much of the liquor supply has disappeared and that the bootleggers have gone under over and will do no talking.

"Pussyfoot" Was There.

Among those who have been attending the Anti-Saloon league convention and who have been instrumental in urging a general mopping up of the waters of the District is a man known to the world as "Pussyfoot" Johnson. Mr. Johnson lost an eye as the result of an attack made on him in London in the course of a speech in which he was trying to induce the English people to give up their drink. No matter what Mr. Johnson's enemies may say about him, he certainly has the courage of his convictions, and moreover he has that saving sense of humor which enables men to get along fairly comfortably in this world.

The prohibition forces have sent of late aid to one county in Virginia in an effort to stop alleged law-breaking practices of certain wealthy persons who have bought Virginia estates and who entertain large parties of guests thereon during the fox-hunting season. There is a Methodist minister over in Virginia who has been a hard driver against the alleged law-breaking practices of these men. It is said that the life of the minister has been threatened time and again and that on several occasions he has been shot at from ambush.

There is a big force of dry workers in this section of the country. The intention is that Washington now is to be cleaned up and made extra dry to remain that way for all time.

May Print Sounds

An English scientist predicts the early perfection of a machine that will be able to print sounds. The apparatus will be a cross between a dictating machine and a linotype machine, and its success will depend upon the fact that every letter has a different wave form.

COUNTY TEACHERS TO MEET MARCH 8

County Superintendent of Schools H. C. Leonard has completed arrangements for the annual mid-year teachers meeting, which will be held in the auditorium of the David Anderson High School, Lisbon, Saturday, March 8.

At the same time will take place the annual meeting of the township boards of education. Members of the various boards are allowed a fee for attending this meeting, and this insures a large turnout of members of the township boards of education. Former County Superintendent of Schools J. W. Moore, now in charge of the schools at East Palestine will preside at the teachers' meeting, and principal addresses will be delivered by Charles W. Cookson, superintendent of schools of Franklin county, and T. Howard Winters of the state department of education.

The usual series of departmental meetings will be held, and these will be in charge of different teachers as has been the custom in former years.

Not the Course.

A good many years ago a steamer was sailing down a certain river, with a shrewd old Yankee captain in command. Suddenly the engines stopped, and the steamer remained motionless for several minutes. The passengers began to talk among themselves, and one of them, a portly, pompous person, advanced to the captain.

"What seems to be the trouble, captain?" he inquired. "Why have we stopped?"

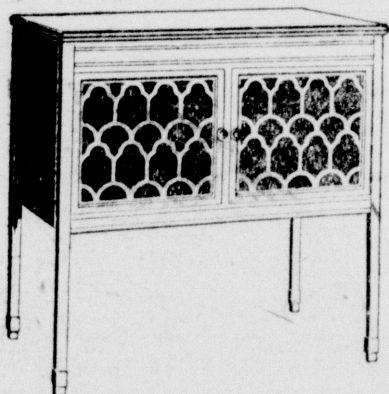

"Too much fog," answered the captain curtly.

"But I can see the stars overhead quite plainly," argued the persistent individual.

"Mebbe ye can," admitted the captain grimly. "But unless the b'liers bust, we ain't goin' that way!"

BALLOON TIRES DISPLAYED HERE

Every motorist would prefer to ride on under-inflated tires if it were not for his knowledge of what it would do to them. Regular tires will not stand low air pressure on account of the thick side walls not being built for the sharp flexion created at its sides.

The new "balloon" tire which is now being demonstrated gets around this difficulty and permits the use of pressure from 20 to 30 pounds.

It is made up specially with thin side walls which are not injured by thousands of flexions which the side walls receive.

The "balloon" tire looks like huge doughnuts.

This exceedingly soft "marshy" tire envelopes all irregularities on the road, passing over them as if they were not there. Such obstructions as ruts, stones, stray bricks, railroad crossings and even broken bottles simply disappear into the tire while it is passing over them.

Not only is the low pressure tire comfortable for the passenger, but is equally comfortable for the car. A million little jolts are swallowed up by the tires every mile and never reach the expensive mechanism of the car.

Skidding is practically impossible with "balloon" tires. Blowouts are almost impossible on account of the very low pressure and the aid only "cozes" out when the casing breaks.

A display of Firestone "balloons" is being conducted by John S. Dunt at 12 West Main st. his new place of business. A fully equipped course from the factory will be on hand all week to make practical demonstrations.

COUNTY COAL LAND SOLD BY SHERIFF

Coal lands in Washington township formerly owned by the Walker-Downey Co. have been sold at sheriff's sale to the Citizens Banking Co. of Salineville, on a bid of \$4,801.

A new interest is to take over and operate this property, the 29-acre tract now being in charge of Harold Baker, a former Washington township trustee, and who is now acting as trustee for the new owners.

At a cost of about \$800 the mine has been drained and several cars of coal have been marketed. In taking over the property, these new interests have taken judgment on notes owed the former owners in the Mahoning county courts.

Back taxes on the property amounting to about \$1,000 will be paid, according to Cleveland attorneys, who have charge of the property for their clients.

There have been 28 suits pending in common pleas court here in this case, wherein those who bought stock in the original company were asked to pay their full subscription.

New Way to Relieve Rheumatic Pain Quickly, Discovered by Famous Italian Physicist

No Medicine to Take
Speedy Relief Guaranteed by Local Druggists

After exhaustive research into the cause and treatment of rheumatism, science has at last discovered a safe, external treatment which has quickly relieved thousands of chronic sufferers from their torturing pain.

Alessandro Volta, the famous Italian physicist for whom the electric volt was named, has discovered a scientific combination of certain ingredients that produces a fine powder which, when shaken into the shoes, seems immediately to be absorbed into the blood through the myriad pores of the feet. This is due to the fact that the soles of the feet contain 10 times as many pores to the square inch as are found in other parts of the body.

He has called this powder VOLTA.

The use of Volta powder has demonstrated such astonishing results in literally thousands of cases, many of which were considered hopeless, that the major drug stores have authorized local druggists to dispense Volta to rheumatic sufferers in their city with an unqualified guarantee to return the full purchase price of the first box in any rare case where the rheumatic pains are not wonderfully relieved.

All who suffer from rheumatic pains, no matter how long standing their case may be, should take immediate advantage of this liberal offer. You can get Volta powder with this guarantee from Lease Drug Co., Flushing Pharmacy, Bolton & French, Bennett's Drug Store, Treat's Drug Store.

Local manufacturers, merchants and printers can get superior printing plates and prompt service from Eclipse, Cleveland

WHAT is most important to you, for your catalogs and booklets and your trade journal, magazine and newspaper advertising, is a responsible connection furnishing:

1. Illustrations made to your order that evidence a business-man's comprehension of your needs plus really clever art and a sure advertising instinct.
2. Photo-engravings in one or more colors, of superior printing and duplicating qualities—capable of being delivered to you in very brief time limits.
3. Electrotypes of a quality that will stand the longest press-runs, printing clearly to the end—reaching you almost as quickly as if made at home.

IT IS Quality that we offer you in all these—Quality that is worth going afield for—and waiting for if necessary—yet which can be had very quickly indeed.

CLEVELAND is but a short distance away—not over 3 hours for any city within 150 miles. You can be here and back within business hours, explain your requirements and rely upon their intelligent and satisfying execution, confident of delivery within your time stipulations. Orders transmitted by mail or express save your personal time and can be as fully depended upon.

Such quality as is always to be had in ECLIPSE printing plates would be worth paying extra for if necessary. It is not necessary—but ECLIPSE quality is obtainable only in ECLIPSE plates. That is the big thing that minimizes press troubles, and ensures better printing. That is what you need.

We will be glad to cover all these points—and any special questions that occur to you—in correspondence. Will you give us that opportunity—without obligating yourself in any way—by writing us, stating your usual requirements?

SOCIETY

Harriet Watt Guild

Mrs. Wesley Holmes reviewed in a very interesting way the first chapter of the book "Crete ve Foce, la Japan," at a meeting of the Harriet Watt guild of the Church of Our Saviour Wednesday evening at the parish hall. This book is being studied by this denomination all over the United States. Mrs. Holmes of Mt. Union gave a talk on Missionary work.

Plans were made for a covered dish supper next Tuesday evening at the parish hall. This will be a first well courtesy to the rector, Rev. F. S. Eastman and family, who are leaving Salem and will make their home in Akron.

The guild has decided to incorporate the Woman's auxiliary into its organization. The guild has been doing similar work to the auxiliary such as sending missionary boxes and giving to the United offering of the denomination. At future meetings 15 minutes will be given to study and reports.

The associate hostesses, Mrs. F. S. Eastman, Mrs. Phebe Gardner, Mrs. Earl Spickler and Mrs. I. G. Harris, served refreshments at the social period. The out of town guests were Mrs. Bunting of Toledo, and Mrs. Haynes of Mt. Union.

At Chessman Home

A group of people who are club associates met Wednesday evening with Mr. and Mrs. Cecil Chessman at East High st., and enjoyed the hours at playing bridge. The hostess served refreshments. At a meeting in two weeks the members will be guests of Mr. and Mrs. Clifford Zimmerman, Superior st.

Entertains at Dinner

Mrs. Jennie Kircher Dolan, Fresno, Calif., and Mr. and Mrs. William Kircher and son, Ralph, Franklin ave., were entertained at a 6 o'clock dinner Wednesday evening by Mrs. H. A. Banner at her home, East Seventh st.

T. G. T. Club

Needlework was a pastime and the hours were devoted to visiting at a gathering of T. G. T. club associates Wednesday afternoon at the home of Mrs. Nellie Gardner, East High st. An elaborate lunch was served by the hostess.

Play Five Hundred

Gathering at the home of Mr. and Mrs. Orville Whinnery, East Pershing ave., Wednesday evening a group of people who are club associates, spent the evening in playing "500." In two weeks the members will meet again.

Mrs. C. L. Snyder and son Joel of New Castle, left Tuesday night for Albuquerque, N. M., where Joel will enter a sanitarium for his health. The Snyders are former Salem residents. Mrs. Snyder being the daughter of Mrs. Robert Curtis, Ellsworth ave.

Mr. and Mrs. J. C. Smith and H. Smith of Pittsburg attended the funeral of the late Ralph Montgomery. Mrs. J. C. Smith will spend a few days in Columbiana before returning to Pittsburg.

Mrs. Ada French and Miss Bertilla Paumier attended the Building and Loan institute at Youngstown Wednesday night. Mr. Knox of the Home Savings and Loan Co., was the speaker.

Mrs. Wm. Helman, High st., who was injured in an automobile accident on the Lisbon rd., Sunday, is reported to be slowly improving.

Miss Loretta Kendig, who underwent two operations at the Central Clinic hospital, was reported Thursday to be slightly improved.

Army Nurse Who Saw Two Presidents Etc.

Miss Ruth Powderly, U. S. army nurse, was in constant attendance upon Warren G. Harding when he died in San Francisco. Later returned to Washington, she was summoned to the bedside of Woodrow Wilson and constantly ministered to him until death ended his struggles. She also nursed Mrs. Harding on the occasion of her nearly fatal illness, and was a member of the funeral party in Alaska.

Old Romance Blasted
Brings Girl \$150,000

When the will of Louis T. Lehmeyer, ninety-two years old, was filed in New York recently, a bequest of \$150,000 was made to Miss Elizabeth Rosalie Wurthmann, attractive young school teacher, and thereby hangs a tale of a blasted romance three-quarters of a century old, says the Kansas City Star.

Seventy-five years ago in Mainz, Germany, two young men were deeply devoted to a girl. They were boon companions, and because it was inevitable that one must lose should the other win their friendship was unstrained when Lehmeyer's rival and friend led the girl to the altar. Lehmeyer was best man and he wished them godspeed on their matrimonial voyage.

Lehmeyer's friend and his wife emigrated to America. A year later Lehmeyer came also. His friend had settled in New Jersey. Louis Lehmeyer chose Manhattan. As the years passed Lehmeyer acquired one parcel of property after another. He built tenements and apartment houses. He was known as a man who always had money.

On late summer afternoons of recent years Lehmeyer would sit in the garden of the home where lived the daughter of the woman he had loved in his youth. Elizabeth Rosalie, the granddaughter of her whose image was graven on his heart, would knit in the shadow of the vines. Lehmeyer, with a shawl thrown around his shoulders, turned his thoughts to the Mainz of yesteryear and murmured:

"My dear, I wish you could have seen your grandmother in her youth. Ah! but she was one of God's noble women."

Resourceful Girl Who
"Parked" Her Sleeves

I am not going to reveal her identity more than to say that her name is Margaret, and she lives in Hamburg, but I will say that on a certain occasion this young woman showed herself possessed of resourcefulness.

When she dressed for that reception, or whatever it was, she did not know that it was going to be a formal affair, so she put on a dress or a gown or a frock or—go, being a man is something awful when it comes to writing about women's clothes. Guess I better call it a dress. She put on a dress with long sleeves.

When she got to the place where the reception or whatever it was, was going on, she discovered that every other woman there had on a sleeveless gown. I guess gown is right. But did she let that spoil the occasion for her? Not this young woman. Not by a long shot. She slipped upstairs, slipped into a room, slipped off her dress, ripped out its sleeves, slipped the "gown" on again and slipped downstairs in less time than it takes to tell it.

Approaching her hostess she said: "Tell me, please, where I can park these sleeves."—Buffalo News.

Her Servant Borrowed
the Guests' Napkins

"Personal property meant very little to Persian servants. On one occasion a certain charge d'affaires, dining with some English residents, noticed his hostess, who was sitting next to him, turn as red as fire.

"Whatever will you think of us?" said she, pointing to the initials on her napkin, which were those of her guest.

Her servant, it appeared, being of opinion that their mistress' linen was not sufficiently good for such a distinguished visitor, had sent to the latter's butler for a supply of the legation napkins, which they placed on the table as a matter of course.—Unconventional Memoirs, by Ralph Nevill.

U. S. Roquefort Cheese

America is to have its own roquefort cheese, which will look, taste, and smell just like that which has been made near the village of Roquefort in southern France for 2,000 years. The French roquefort is made from sheep milk and ripened in cool, windy caves. Lacking the strain of milking sheep and the windy caves, United States government experts have successfully substituted cow's milk and built insulated curing rooms where conditions found in the original Roquefort caverns are simulated.

Efficient

Willis—How is the efficiency expert coming on at your office?

Gillis—Fine. He was such a success for the boss that we employed him for a week.

"Did he make good?"

"I'll say he did! He showed us a new way to beat the time clock, taught us a lot of brand new excuses for being late, and how to look the boss's cigars without being caught."

Ostrich-Feather Industry

The United States formerly took about half of the South African production of ostrich feathers, but changes in fashion have reduced the American demand, and the industry today is in a very depressed condition. South African exports of ostrich feathers amounted to about \$2,000,000 in 1922, compared with \$15,000,000 in 1913.

In the Spring

"I wonder what is wrong with my watch?" said the father. "Possibly it wants cleaning."

"Oh, no, daddy," said his little son. "It is quite clean. I had it in the bath room yesterday and I washed all the works!"—Boys' Life.

\$100,000 Peace Award Goes
To Levermore.

Charles Herbert Levermore of New York city, secretary of the World Court league and secretary of the League of Nations' union, has been offered as the winner of the \$100,000 award by Edward W. Bok of Philadelphia for the best plan for America to assist in maintaining world peace. He has received \$50,000 and will receive the other \$50,000 when a national referendum approves his plan. The World Court league was founded with the millions left by Edward Ginn of Boston, multi-millionaire publisher, to be devoted to world peace.

Alliance Bowlers
Defeat Salem Five

The Alliance, All Stars, a bowling team that has not lost a match this season, continued its winning streak Wednesday night when it took over the Paulin Five of Salem at Calladine's alleys by 224 pins.

A return match will be called at Alliance some night next week.

DAMASCUS

The class taught by Mrs. Curtis Ellett held a class social in the basement of the Friends church Wednesday evening. There were 52 present, including the members of the class and their friends. At the business meeting the following officers were elected: H. O. Stanley, president; Mrs. Lawrence Linton, secretary; Homer Stanley, treasurer.

The social hours were spent in playing games.

EARLY CHRISTIANS IN JAPAN

Treasures Carefully Put Away by Learned Statesman Found After Three Hundred Years.

A large number of documents, books and personal effects relating to early Christian activities in Japan has been found by Marquis Tokujun Tokugawa, the Detroit News reports. Christian things were burned and believers prosecuted during the time of Prince Mitsukuni Tokugawa, who died in 1651, and the shogun secured this collection from the things seized in all parts of the country. After using it as reference material for his "History of Great Japan," the prince carefully stored it away in sealed cabinets in a warehouse in Mito, and there, after 200 years' obscurity, it was recently found by Marquis Tokujun.

Among the books is a copy of the Bible written in Romaji, which represents the original sound of the Japanese language. This Bible is one of only two such copies of the Scriptures. Among the personal effects are peculiar religious garments which were worn by the Japanese Christians at the time of the Amakusa rebellion.

COPE CANDIDATE
FOR STATE SENATE

Harvey D. Cope of Rogers, representing this county in the state legislature for the last two terms, is now an aspirant for the state senate.

Cope has been informing his intimate friends of his intention to be a candidate for one of the two seats due the district, which includes Columbiana, Jefferson and Belmont counties.

The present state senators are H. M. Carpenter of Steubenville and John Hays of St. Clairsville. Senator Hays is completing his second term, while Senator Carpenter is on his first term. It is understood the latter will be a candidate to succeed himself.

COLUMBIANA

Tuesday evening three girls giving their bags as 15, knocked at the door of Miss Edna Von Kirk, South Elm, and asked to be lodged during the night. At first Miss Von Kirk thought they were local young people who wished to play a youthful prank. But investigation showed the girls had "banned" their way to Columbiana and had no certain destiny. They stated they came from Sabring.

The women of the G. A. R. will hold their annual supper and bazaar at the hall Thursday evening.

CONSCIENCE ON PHONE WIRE

How a Philandering Employer Was Rather Rudely Disturbed by an Unexpected Call.

A New York lawyer, gazing idly out of his window, saw the pretty stenographer across the street sitting in her employer's lap. The lawyer noticed the lettered name on the window and then searched in the telephone book. Still keeping his eye upon the scene across the street he called the gentleman up, says Judge. In a few moments he saw him start violently and take down the receiver. "Yes," said the lawyer through the phone, "I should think you would start."

The victim moved his arm from its former position and began to stammer something.

"Yes," continued the lawyer severely. "I think you'd better take that arm away. And while you're about it, as long as there seems to be plenty of chairs in the room—"

The victim brushed the lady from his lap, rather roughly.

"Who—who the devil is this, anyway?" he managed to splutter.

"I," answered the lawyer, in deep impressive tones, "am your conscience," and then he hung up.

IN A CLASS BY ITSELF

Good farm of 55 acres located on Ellsworth road, just outside of city limits. This land is in the highest state of cultivation. About 35 acres under cultivation, balance in pasture with about three acres of orchard. Not a foot of waste land. Improved with a good two-story 12 room slate roof house; hot air furnace; complete bath; electric lights; hot and cold water; bank barn 30x40 with straw shed 25x30. Ties for 10 cows, room for more. Milk house and other outside necessary buildings.

In buying this farm you have solved your school proposition. Your children get a city education at no cost. The owner has reduced his price on account of his wife's health and is very anxious to sell. Will take a city property in as part pay. If you are interested call in our office and we will be glad to show you this fine farm.

1156 MILES OF ROADS IN THIS COUNTY; 171 HAVE BEEN IMPROVED

By M. K. ZIMMERMAN
 Lishan, Feb. 7. — Driving at the rate of 30 miles per hour, eight hours per day, it would require five days to make a trip over all the improved and unimproved roads of Columbiana county. There are 1,156.65 miles of highway in this county, of which 171.65 have been improved and 985 unimproved or earth highways.

There are more miles of highway in Fairfield township than any other of the 18 townships in the county, and there are fewer miles of roads in Liverpool township than any other. There are also fewer miles of paved roads in Wayne township than in any other, yet there is not a mile of improved highway in Franklin township.

There are 27.30 miles of brick surfaced roads built on concrete base in this county and 54.45 miles of brick highways built on a rolled base. Concrete highways have 13.05 miles to their credit, and bituminous concrete of Wilbur surfacing has a record of 1.41 miles, which is in Perry township.

In the construction of macadam roads there are 12.55 miles of water bound macadam highways, and 13.47 miles of surface treated macadam roads, also 31.93 miles of bituminous macadam highways.

There are also 9.80 miles of gravel roads, and 4.04 miles of gravel under highways.

In all, there are 171.65 miles of improved highways in the county and 985 miles of earth or unimproved roads, making a grand total of 1,156.65 miles of highways within the bounds of the county.

The following table will show at a glance the mileage of all classes of roads in each township in the county:

Township	Improved	Dirt	Total
Butler	7.72	64.62	72.34
Center	16.19	57.39	73.58
Elkrun	7.48	67.78	75.26
Fairfield	18.58	71.50	90.08
Franklin	48.88	48.88	97.76
Hanover	8.49	70.83	79.32
Knox	15.76	63.74	79.50
Liverpool	11.56	11.24	22.80
Madison	13.51	69.89	83.40
Middleton	7.44	71.86	79.30
Perry	7.55	74.55	82.10
Salem	14.17	55.95	70.12
St. Clair	9.84	49.46	59.30
Union	14.74	75.15	89.89
Washington	3.00	39.47	42.47
Wayne	1.38	48.22	49.60
West	6.79	75.21	82.00
Yellow Creek	5.45	33.75	39.20

Total 171.65 985.00 1,156.65

During the coming season, the improved highway mileage in Washington, Middleton and Fairfield townships will be increased, as the commissioners are agreed on these improvement projects.

In the first instance, the completion of the East Liverpool-Youngstown rd. will add considerable to the surfaced highway record in Middleton and Fairfield, and the surfacing of the Wellsville-Salineville rd. will add to the mileage of improved roads in Washington.

In Unity township, the surfacing of the Unity-Petersburg rd. will reduce the number of dirt roads in that township.

There are more miles of brick roads on concrete base in Salem township than in any other, there being 8.05 such miles.

Hanover township is due for an increase in its improved road mileage this year because of the plan to surface the Shirk rd. from the Lincoln Highway to Dunganon.

The record of 10.22 miles of concrete road gives Center township top place in highway mileage of that type of construction while in Liverpool township, the record discloses that the mileage of all highways in the township is exceedingly small, there being but 22.80 miles of roads in the township, the division of improved and unimproved being about 50-50.

Perry township is not very strong in improved roads or in total mileage, there being just about seven more miles of roads in Perry than in Liverpool. The reason for this is found in the fact that the city of East Liverpool occupies so much territory in Liverpool township, and Salem does

NEW WATERFORD

the same in Perry township, the square miles in both Perry and Liverpool townships being about the same.

The Ladies of the Maccabees will hold a social for themselves and families at the lodge rooms Friday evening, Feb. 15.

The Kings Heralds met at the church on Thursday night with Miss Mary McIntyre as hostess.

Rev. Marion Carter celebrated his 85th birthday anniversary Feb. 2. Twenty-five guests partook of a basket dinner and several remained to the evening meal. The guests were Mr. and Mrs. Byron Carter of Rogers; Mrs. Ida Lanpher and daughter of Leetonia; Mrs. Mary Hawkins of New Waterford, and brother, William Wilson of Edinburg, Ohio; Mr. and Mrs. Frank Rudbaugh, Mr. and Mrs. John Hawkins, Mrs. Mary Williams and two daughters, Mrs. Maud Hawkins, Mrs. Mae Carnes and Mr. and Mrs. Grant Sloan and family of New Waterford.

On Tuesday of last week the members of the Presbyterian church held a congregational meeting which was well attended. Arranging the budget for the coming year, canvassing members for pledges and engaging a pastor for the year were subjects claiming attention.

After next Sabbath, New Waterford will be without a train east at noon which will cause much inconvenience.

Miss Mildred Rowe spent the week end with her mother. She is employed at the pottery at East Palestine.

The Womens Foreign Missionary society met Tuesday evening with Mrs. Earl McCune.

Testing for bovine tuberculosis is in process in Unity township.

The Ladies Aid society of the Methodist church will meet with Mrs. Ferguson for an all-day meeting. Mrs. Chain and Mrs. McCune are associate hostesses.

Mrs. S. E. Wiley left Sunday for Virginia where she was called by the serious illness of a brother.

The Mens Cooperative club will meet with Vernon Justison Saturday night.

Mrs. Bowker and Mrs. Curtis St.

SICK WOMAN MADE HAPPY

Entirely Restored to Health by Lydia E. Pinkham's Vegetable Compound

Mart, Texas. — "I have taken Lydia E. Pinkham's Vegetable Compound to build me up as I was all run-down, nervous and sick, lached and hurt all over so that I was often compelled to go to bed, and I had to have most of my work done. No medicine seemed to help me until one of my neighbors who was taking the Vegetable Compound insisted on my trying a bottle of it. The medicine helped me from the first, and the best of all is that I can even sew again without that awful, nervous feeling I was used to having. And I used to take crying spells, with such a blue feeling that I cannot explain. Now all that has left me. I feel so cheerful, and I have gained in weight, sleep well and eat hearty. Oh! I wish I had words to express what this medicine has done for me! I am a housekeeper and do everything from the sewing to the washing now and it doesn't hurt me. You may use my letter in any way you wish. I will be glad to help any suffering woman to the road of health and happiness."

Mrs. B. F. BRANNON, 404 Travis Ave., Mart, Texas.

ler returned home Sunday after spending a week with Mrs. Mossman of Leetonia.

Rev. R. N. Ball is ill with lumbago and his son-in-law, Mr. Yoder of Mechanicstown, came to care for him for a few days. No church services were held Sunday on account of the pastor's illness.

The Farm Bureau of Unity township will hold an all-day meeting at the Community hall next Tuesday, Feb. 12. A covered dish dinner will be served at noon and a program given in the afternoon. County President John M. Kerr of Wellsville; Philip Heim, the new field service man and County Agent C. E. Rowland will speak. Mrs. Zada Pottorf of Salem, one of the lady directors of the County Farm Bureau will be present. Hermit Streng is ill of tonsillitis. Three children of Mr. and Mrs. Sylvester Rupert are ill of scarlet fever. The family were placed in quarantine on Monday.

Mrs. and Mrs. Harry Bricker and three children and Mrs. Sara McCune of East Palestine, were entertained at Mr. and Mrs. Earl McCune's Sunday.

The Parent-Teachers association held an interesting meeting last Thursday at which time plans were

made for the financing and installing of drinking fountains in the school building. C. E. Oliver of East Palestine gave the talk of the evening which was much enjoyed.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 15c and 30c.

Dr. Edwards' Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

Dr. Edwards' Olive Tablets are the only "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 15c and 30c.

SHENANDOAH WILL MAKE POLAR DASH

NAVY REJOICES OVER THE FINE
SHOWING SHE MADE WHEN
TORN LOOSE BY GALE.

By EDWARD B. CLARK

Washington.—It seems to be assured that the fine showing which the lighter-than-air navy dirigible Shenandoah made when it broke loose in a seventy-mile gale recently will assure its entry into the dash for the pole next year.

It is urged in navy circles that an airship which can stand the terrific buffeting which the Shenandoah received from the elements and which can turn about in the face of what virtually was a whirlwind and make its way back to its port on the ground, can undergo all the troubles which are likely to come to it from wind and atmospheric conditions in the polar regions and can complete successfully the journey which has been marked out for it.

The Shenandoah was charged with helium gas which is non-explosive. It was only recently that the seal of approval was put on this kind of gas by the scientists and the experimenters. Heretofore the dirigibles have been charged with explosive gas and the result has been at times that disaster has overtaken them because of this fact.

While the Navy department is enthusiastic and cheerful over the conduct of the ship in the terrific wind by which it was forced miles from its base before it could turn its nose into the gale, it is just as enthusiastic, perhaps, although enthusiasm modestly is hidden, over the conduct of the crew of the Shenandoah who kept their courage and did their work of self and ship salvation with as much unconcern as if they were working under a dead calm and under a bright sunshine on the ground outside of the door of the hangar.

Brave Officers and Men.

Captain Heinen of the Shenandoah, who is a special employee of the navy, has been given the highest kind of praise, that which comes from the men who worked under him amid the terrible conditions of a midnight storm and the winter's cold when death seemed imminent. Lieutenant Kincaid, a regular navy officer, also showed unconcern and high heroism.

The army and navy records contain many stories of high heroism of men under the stress of danger, of men who seemingly facing certain death yet manage to stand staunchly by the traditions of American seamanship and soldiery. Army and navy men who serve in airships and airplanes all say that prior to their entrance into the flying service they felt as all other men feel that the certainty of death through a fall to the earth in case anything should happen to airship or flying machine would add so much to the weight of general apprehension that their belief was that they could not "stick it out."

Now one is told by men who make a practice of service flying that when they are flying they never think of the possibility of a fall. It seems, as near as one can determine, that they have overcome the chief fear of them all, and have relegated it into the place of the forgotten. Old time flyers say that if a man gives thought to the certainty of death if a wing or something else breaks, he will so unnerve himself as to unfit him for the service.

The type of courage which the crew of the Shenandoah showed in the wild flight of the airship in the fury of the storm is that kind which has been shown through the years by other navy men not in the air, but on the sea. There are cases on record where captains of the American navy have remained at their posts on the bridge of ships during the continuation of hurricanes for seventy-two hours at a stretch without so much as a minute's sleep.

Courage and Endurance.

The writer of this on one occasion just after the close of the war was on a naval ship which was bringing troops back from France. It was a comparatively small vessel, a converted passenger ship in fact, and seemingly it was not sufficiently ballasted. A Number 12 gale struck this ship and for several days it could make little or no progress. The month was December and a Number 12 gale represents the highest wind known to the sailors. It is said that on one occasion on that trip the wind rose to the rate of 120 miles an hour.

The captain of this ship was an Annapolis graduate, and a comparatively young man. On the ship were about 600 American soldiers, 502 of them being wounded men. The captain stood on the bridge for forty-eight hours, once in awhile going into the chart house just back of his post to swallow a cup of hot coffee. He brought his ship through safely and treated the whole affair as if it were of no moment.

It is easy enough to understand why the navy laws and the merchant marine laws make the captain of a ship supreme in his authority over every body on board, passengers among the others. Where the safety of passengers and crew depend upon a certain line of conduct among the individuals on the ship the captain can do what he chooses with any one in order to insure that a line of proper conduct is pursued. Almost literally he is lord over life and death.

SUPERSTITION IN RUSSIA

Patients Employ Formulae of Dark Ages in Their Treatment of Sick Persons.

In the Volga government of soviet Russia the peasants lay people sick with the fever in the snow naked, so that the cold wind can blow away the heat. Prayers and pious formulae are constantly resorted to.

An exorcism is written upon a card and hung around the patient's neck and he is not permitted to eat or drink anything for three days, in order that he may experience the full healing effect of this charm. If he does not recover, then his family and relatives beat him with clubs, brooms and anything they can lay their hands on, in order to "chase out the devil."

In many cases the sick man is hitched to a plow, and after he has plowed bath and later massaged with turpentine and tar—usually until he dies. Little children are rolled in dough and put in hot vapor baths, under the impression that this precaution makes it easier for them to stand the heat. A popular preventive of cholera is to bury alive in the yard dogs, hogs or poultry.

Lynch law is constantly practiced, especially in the famine districts. In some cases a victim of village justice is tied behind a wagon and dragged through the streets for hours.

While the soviet government is energetically combating such brutality and superstitions, it simultaneously encourages them by its hostility to religion and studied contempt for the church—George Topoff, in the Frankfurter Zeitung.

LESSON TAUGHT BY ARTISTS

They Have Made Every Phase and Object of the Material World Interesting.

Raphael has made infantile grace obvious to unmaterial eyes; Turner opened to many a preoccupied vision the wonders of atmosphere; Constable guided our perception of the casual phenomenon of wind; Landseer, that of the natural language of the brute creation; Lely, of the coiffure; Michelangelo, of physical grandeur; Rolyfe, of fish; Gerard Dow, of cattle; Cyp, of meadows; Cooper, of cattle; Stanfield, of the sea; and so on through every department of pictorial art. Insensibly these quiet but persuasive teachers have made every phase and object of the material world interesting, entwined them with more or less of romance, by such revelations of their latent beauty and meaning; so that, thus instructed, the sunset and the pastoral landscape, the moss-grown arch and the crazy seaside, the twilight grove and the swaying cornfield, an old mill, a peasant, light and shade, form and feature, perspective and anatomy, a smile, a gesture, a cloud, a waterfall, a weathered stone, every object in nature, and every impression of the elements, speaks more effectively to the imagination.—Henry T. Tuckerman.

Yankee Tourists in Switzerland.

About 10 per cent of the visitors to the various resorts in Switzerland during the summer of 1922 were from the United States, according to Swiss estimates forwarded to the department of commerce by A. R. McGruder, secretary to the legation at Berne. The estimate places the number of Swiss visitors at about half of the total; England's contribution at 10 per cent; France, 7 per cent; Holland, 5.6 per cent; and Germany, 4 per cent. More than 50 per cent of those who visit the first-class hotels are American, Mr. McGruder states, the next in order being the British, with less than 20 per cent.

"Kill Your Cig."

Sweden is campaigning against careless cigarette habits, the cause of so many fires. A lighted cigarette, thrown down by a youth in a sawmill, started a fire which was not extinguished until nearly \$2,000,000 worth of property had been destroyed. Other large fires have been started in the same way. The Fire Prevention Society suggested to the Swedish Tobacco monopoly, which controls the output of cigarettes in Sweden, to print the warning, "Kill your cigarette when you have done with it," on every package, and the executives of the company immediately agreed to adopt the suggestion.

An Accomplished Wife.

"His wife is an excellent cook," "Lucky man," "She makes the children's clothes, her own dresses and hats; designs and makes her lamp shades and window drapes; keeps a garden, does her own canning."

"What a lot of accomplishments, and to think my wife is just good looking."

That's Easy.

First Lady—So glad I've met you here. I hope you'll forgive the short notice and lunch with me tomorrow.

Second Lady (equal to the occasion)—Thank; I'm lunching with Lady Es.

First Lady—Really? Well, if you can go early she might bring you on when she comes to me—Punch.

Call of Duty.

"Don't you think sitting up till three in the morning at a poker table interferes with your regular duties?"

"Friend," responded Cactus Joe, "when you've lost 17 stacks in the early evening there ain't any duty that seems more urgent than sittin' close up an' tryin' to rescue your perishin' fortunes."

Capacity Circuits Are Hard to Use

More Adjustments Than With Inductively and Di- rect Coupled Outfit

In receiving radio signals there are certain essentials without which audible reception is impossible. First comes the antenna system, comprising a metallic structure whose function it is to absorb the energy in the transmitted wave and then to concentrate it into the receiving apparatus. Second, a ground connection with the receiving apparatus interposed between the antenna proper and the ground. Third, the receiving apparatus whose primary purpose is to further intensify the energy absorbed from the transmitted wave and, lastly, a detector comprising a transformer element to change the high frequency radio current as received to a lower frequency capable of energizing a telephone receiver to produce an audible signal.

Before entering too fully into the discussion of receiving circuits it will perhaps be well to consider briefly the manner in which circuits are coupled or connected together.

Coupling is a term used to indicate the manner in which circuits are con-

Condensers Control All the Tuning in the Capacity Coupled Set.

nected together. Three distinct kinds of coupling are recognized and classed as direct, inductive and capacity.

Capacity coupled circuits are those in which condensers are used to connect the primary and secondary circuits.

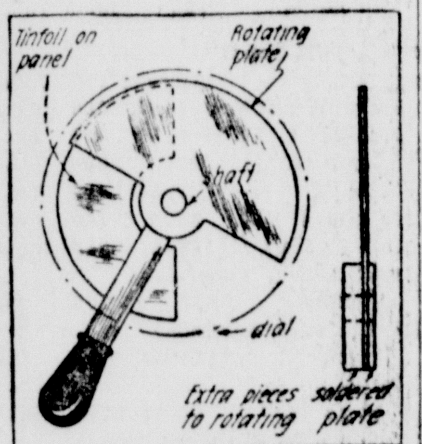

This type of coupling is called electrostatic because condensers function only by reason of their electrostatic field. A simple circuit of this type is shown in the accompanying diagram.

The primary circuit is essentially a parallel resonant circuit as distinguished from the series resonant circuits that are common in the direct and inductively coupled circuits.

In general, capacity coupled circuits tune more sharply and are somewhat more efficient than the other types just considered. Adjustments, however, are more critical and there are generally more adjustments to be made than in the case with the inductively coupled and the direct coupled circuits.

How to Build and Use Vernier Condenser

This vernier condenser consists of a small semicircular piece of tinfoil glued to the panel front and connected to the stationary plates of the variable condenser. The rotating plate of the vernier is a small circular piece of sheet brass with another piece of brass soldered to the center to make the whole one-eighth inch or a little more in thickness. Through this center is drilled a hole the size of the shaft. It should fit snugly on the

Vernier Attachment is Mounted Directly Behind Knob and Dial and is Adjusted by Means of Insulating Knob.

shaft and be just tight enough so that it will not jar out of position. A composition handle is fastened to the movable plate and is long enough to extend out past the circumference of the dial. The space between the tinfoil and the movable plate should be about one thirty-second inch, but care must be taken that this arrangement does not short circuit the condenser. To prevent this, a small insulating washer can be placed on the condenser shaft so as to be between the stationary and movable plate on the vernier.

About Wiring.
Some amateur builders of radio apparatus will spend hours finishing the panel and cabinet of a receiver and when it is all done will wire the set with any kind of wire that happens to be at hand. In some cases the sets are wired with half bus bar wire and any other kind of wire that happens to be handy. Then, when the set doesn't work, it is usually the conception that the circuit is not good. In the wiring of a set it must be taken into consideration that the leads should be as short as possible, and also should be of low resistance.

EVERY AMERICAN LEAGUE CLUB IS AFTER PITCHERS

Situation Prevents Trades At Annual Meeting Of The League.

New York, Feb. 7.—No deal got beyond the rumor stage of extreme adolescence at the American League annual meeting in Boston today, owing to the fact that seven clubs in an eight-day effort are seeking one and the same thing, viz. to wit and namely: Pitchers.

This was the opinion expressed today by Edward G. Barrow, business manager of the New York Yankees, upon his return from the scene of activity. If any, Edward can take a philosophical view of the situation. He happens to be booked up with the only club in the league that is immune from the great drought responsible for turning the American League into a one-team proposition. "Intraleague deals have come to nothing for the past year or so because every manager except Huggins is after pitchers," Barrow said. "There can be no basis arrived at for a trade as long as every man is after the same thing."

"They have even tried to get some of our pitchers away from us but Huggins knows he is sitting pretty and has no intention of breaking up an all-star staff. It looks as though the situation will remain as it is in the American League until a flock of young pitchers is developed."

A glance over the seven remaining clubs in the league serves to confirm Barrow's analysis. The Detroit Tigers claim they would run one-two this season if they could fall heir to a real second baseman. They might have been able to get Dykes from Connie Mack if it wasn't for the fact that the latter is hot after pitchers and the Tigers have none to spare; in fact, are just a bit inadequate in this respect.

The Athletics, as stated, are sitting tight behind their lineup except that Mack wants at least one more capable pitcher. Tris Speaker, out of Cleveland, could stand three or more and would not countenance a deal that did not include a first-class hurler or so. The Senators also figure they would finish in the first division with a couple of fetching young men to lead. Walter Johnson, the Browns, provided Sisler returned to the game, would be real content with a fair staff of men grouped around Urban Shocker and the White Sox, in addition to needing a short stop must get more pitching strength if they hope to figure at all.

FIFTY APPENDICITIS CASES IN SMALL TOWN

In a small Southern town, over 50 cases of appendicitis occurred in a short time. Simple buckthorn bark glycerine, etc., as mixed in Adenka guards against appendicitis because it acts on BOTH upper and lower bowels and brings out all poisons. Help any case gas on the stomach in TEN minutes. Brings out matter you never thought was in your system. The J. H. Lease Drug Co.

THEATRES

A Great Film

"The Meanest Man in the World" is the feature that will be shown on the screen of the State theater beginning tonight.

This has been called as one of the outstanding pictures of the season. A cast of players rarely seen in a single production provide six reels of comedy-drama situations that seldom are found in one production.

This is the film adaptation of the famous stage play in which George M. Cohan personally appeared for a solid year in New York. The author Augustin MacHugh, obtained the idea for the flashlight presentation from the playlet of Everett S. Raskay. This was regarded as one of the best performances that Cohan had ever appeared in, and on the screen, with Bert Lytell handling the role made famous by Cohan, the film production is scheduled for an equally successful run.

GREENFORD

Charles Pregoner of Akron, came last Tuesday to visit his brother William and family.

Prof. L. U. Hulin accompanied by his nephew, Will Barnes, started for Florida last Thursday evening for the benefit of Mr. Hulin's health.

John Vito bought the Korp property at the depot last week.

Mrs. Wm. Smith of New Albany,

visited her daughter, Mrs. L. R. Calvin, last Wednesday.

Hector Foreman moved into the brick house vacated by Wm. Kenrich.

Olin and Miss Geneva Dively, students at Mt. Union college, spent Sunday with their parents.

Wilbur Kotz, Byron Roller, Russell Huggan, Amos Beardsley, Sam and Wm. Burkholder, are attending Farmers' week at Columbus this week.

There will be a community meeting of the Lutheran, Christian, Baptist and Evangelical churches in grange hall at 10 a. m. Sunday, Feb. 24.

Mrs. J. N. Weikart, who spent three weeks at the hospital, came home Saturday.

Mr. and Mrs. Royal Clay and children of Salem, spent Sunday with Mr. and Mrs. Walter Hively.

H. L. Rotze, purchased the Fred Matties property at Greenford Tuesday.

Parties from Salem bought Isaiah Dustman's Greenford property.

Lloyd Weikart bought the Lucy Bush farm and expect to move there March 1.

New Zealand Building.

New Zealand expects to raise \$5,000,000 to aid persons desiring to build homes. The new fund, if approved by the government, will allow an advance up to 95 per cent of construction costs. The government has already assisted in the building of 12,800 homes at an expenditure of about \$91,000,000.

MUSTARINE WILL END TONSILITIS, LUMBAGO AND BRONCHITIS-QUICK

Kills All Aches and Pains in Half the Time It Takes Liniment Punctures and Plasters

Begy's Mustarine is used by tens of thousands of people who know that it is the quickest killer of pain on earth. It's so penetrating and effective that in most cases neuralgia, headache, toothache, earache and backache disappear in 5 to 10 minutes—some statement, but it's true. It will not blister because it is the

original substitute for the old reliable mustard plaster and is made of real yellow mustard—no cheap substitutes are used.

Use it to banish rheumatic pains and gout, for sore, inflamed, or frosted feet, for chilblains, stiff neck or joints or cramps in legs. It acts instantly and never fails to drive out inflammation in any part of the body. Sore throat and chest colds disappear overnight. Ask for Mustarine in the yellow box—30 and 60 cents.

A Story of Success

How Studebaker Cars became leaders

145,000 people last year paid \$200,000,000 for them

THE most talked-about cars among fine cars are the Studebaker Sixes—at \$975 and up.

Sales have almost trebled in the past three years. The demand for these cars, growing by leaps and bounds, has been Motordom's chief sensation.

Over \$200,000,000 was last year spent for Studebaker models.

Now we wish to explain, to all who are interested, the reasons for that success.

Studebaker has always led

For 72 years the name Studebaker has stood for quality and class.

Studebaker equipages, in the carriage days, held premier place. The White House owned them in the days of Grant and Harrison.

Now we make motor cars only. But the Studebaker name, in this modern field, simply had to maintain its prestige.

We had the money, we had the incentive—we who now control. And our one ambition has been to maintain the Studebaker place.

\$90,000,000 assets behind us

Studebaker assets are \$90,000,000. We have \$50,000,000 in modern plants and equipment.

Not old plants re-adapted. We have spent \$32,000,000 in new plants in five years. We have equipped them with 12,500 up-to-date machines.

Over \$8,000,000 was spent on drop forge plants alone. Another \$10,000,000 on body plants, to maintain our prestige in coach building.

We believe that no other plant in the country is so well equipped to

build quality cars as Studebaker.

Engineering—\$500,000 yearly

We created an engineering department which costs \$500,000 yearly.

There are 125 skilled men there who devote their time to studying betterments in cars. They make 500,000 tests yearly.

There is a department of Methods and Standards. They decide and fix every standard in these cars.

We spend \$600,000 yearly to machine all surfaces of crank shafts, just as in Liberty Airplane Motors. That is the reason for that perfect balance, that absence of vibration.

Every Studebaker car is Timken-equipped. The Special-Six and the Big-Six have more Timken bearings than any car selling under \$5,600 in America. The Light-Six more than any competitive car within \$1,000 of its price.

Open cars have real leather upholstery. They cost \$25 more per car than imitation leather.

Our closed cars have Chase Mohair upholstery. This is made from the soft fleece of Angora goats. And a Sedan requires from 15 to 18 yards.

Velour for this upholstery would save us up to \$100 per car.

Note the finish of every detail. Mark the infinite care. They add 25% to labor cost on luxurious closed bodies.

Note the completeness of our larger closed cars. The nickel-plated bumpers, the extra disc wheel and cord tires, the steel trunk, the courtesy light etc. Think what they would cost you, bought as extras.

Thus we have made the Studebaker the leader of quality cars. We have built a demand exceeding 145,000 cars per year.

Learn the results of these efforts, in fairness to yourself. Don't buy a car at \$1,000 or over without knowing what we offer.

Compare the parts and details. Mark the advantages we offer—scores on scores. Our experience is that 95% of those who do that buy a Studebaker car.

Learn why 145,162 bought Studebakers in 1923

Studebakers hold the top place in the fine car field today.

In 1919, the public paid over \$80,000,000 for 39,356 Studebaker cars.

In 1920, the public paid over \$100,000,000 for 51,474 Studebaker cars, an increase of 31% over 1919.

In 1921, the public paid over \$120,000,000 for 66,643 Studebaker cars, an increase of 29% over 1920.

In 1922, the public paid over \$155,000,000 for 110,269 Studebaker cars, an increase of 66% over 1921.

In 1923, the public paid over \$201,000,000 for 145,162 Studebaker cars, an increase of 32% over 1922.

In 1924, business has opened with Studebaker as never before.

Learn why all these buyers preferred Studebakers.

Our factories employ 1,200 inspectors, to make 30,000 inspections on all Studebakers cars. Few flaws, few mistakes can escape them. That we believe, is the finest organization ever devoted to motor car building.

Things to Know About Our Service

The public utilities supplying gas, electricity and telephone service are represented in this picture.

What is a Public Utility?

The companies that provide electric, gas, telegraph, telephone, street car and water supply service, etc., are public utilities—public servants regulated by law.

A public utility must serve everybody alike. It can refuse no one. It must deal with all on equal terms—and usually these are fixed by the state commission or subject to its approval.

The service is so vital to life and progress that it must be continuous and uninterrupted regardless of profit or loss to the operating company.

Public utilities are owned by the people through a vast army of stockholders and controlled by the people through the state regulating bodies.

Verily this is a business "of the people, by the people, for the people."

FIERY ITCHY ECZEMA HEALED RIGHT UP BY APPLYING SULPHUR

Any breaking out of the skin even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve torment and disfigurement. Sufferers from skin trouble should get a little jar of Rowles Mentho-Sulphur from any good druggist and use it like a cold cream.

Why Mothers no longer fear Child-birth

AN eminent physician has shown why there is so much trouble suffering on the part of many expectant mothers, before baby comes, as well as when baby actually arrives.

This same great doctor found the way to avoid much of this suffering. Mother, your baby's nerves, its whole structure should be free from any influence caused by your months of useless misery and pain. You yourself can be free from much of it. Here is a little message to all expectant mothers:

Mrs. Ida Milton, 108 N. Tremont St., Kansas, Ill., says: "I am forced to say something in regard to your wonderful 'Mother's Friend.' Just one application gave me such relief I could hardly realize I was in pregnancy. Before I used it I was suffering with pains all over, and today, I am able to do my housework with all ease and without pain."

"Mother's Friend" is applied externally, and enables the muscles, nerves and tissues to relax and readjust themselves with the growing changes during pregnancy, and a child-birth. It should be used for some time before baby comes—it's the better.

"Mother's Friend" contains no narcotics or harmful drugs. It is safe for three generations. "Mother's Friend" has relieved expectant mothers of much useless suffering. But if you must avoid pain, it is useless substitutes. Buy "Mother's Friend" today, it is at drug stores—everywhere.
